

Forces Postal History Society.

The Society was formed in 1952 to bring together collectors interested in the postal history of the Armed Forces of all countries at all times, whether in war or peace time, including the study of postmarks, cachets, postage rates, prisoner-of-war mail, stamps and stationery, censorship and the organisation of postal services.

The Society has around 250 members in many parts of the world.

A Journal is published quarterly and postal auctions are held quarterly when possible. Regular meetings are held in London and other centres. For further details of membership write to:
